

CLOSING THOUGHTS

If you have reviewed everything to this point then I believe that you will see that what was done to Keith was not only a grave miscarriage of justice. It is also an abuse of power and a serious corruption of our criminal justice system by those hired, or elected, to represent that system.

What has been done to Keith Wampler is tragic but it is not the only tragedy here. It has been more than 35 year since his arrest. When the authorities chose to create a case against him that meant they didn't even try to find the real murderer. In those 35 years, how many other people/children may have suffered at the hands of the monster who really did commit this crime?

If there are more victims then their blood is not only on the hands of the people who put Keith in prison. It is on the hands of all of those who have ignored his cries for justice all of these years.

If you have any questions you can contact Keith directly by:
